Dear Neighbour,

IMPROVEMENT WORK – Calder Valley Route Upgrade

I am writing to inform you that Network Rail needs to undertake essential work as part of the Calder Valley Railway Upgrade programme. This programme will deliver faster services between key towns and cities across the North.

This is to renew life-expired rail along with routine track maintenance work at Halifax Station area. In order to carry out this work we will be using engineering trains, generators for lighting and other plant.

We are holding information events about the Calder Valley Route Upgrade on:

- Wednesday 08 March 2017 at Mytholmroyd Community and Leisure Centre, Caldene Avenue, Mytholmroyd, HALIFAX, Yorkshire, HX7 5AF, between 4pm and 7pm, this includes a presentation at 6pm.
- Monday 27 March 2017 at Hebden Bridge Town Hall, St George's Street, HEBDEN BRIDGE, HX7 7BY, between 4pm and 7pm, this includes a presentation at 6pm.

Representatives from Network Rail and our contractors will be on hand to answer any questions you may have about this planned work. Please do come along if you would like to find out more about this project.

We understand that working by your property overnight is far from ideal, but we are obliged to work on the railway at times that cause least disruption to trains. Unfortunately this means carrying out a lot of our work at weekends or overnight.

The equipment we use means some disturbance is unavoidable, but we will make every effort to minimise any unnecessary noise. Furthermore, those working on site are briefed on working responsibly in the local community.

I hope this information is helpful and we apologise in advance for any inconvenience this essential work may cause. However, if you have any additional questions or concerns, please visit www.networkrail.co.uk/contact or telephone our **24-Hour National Helpline on 03457 11 41 41**.

Yours faithfully

Denise Thompson
